ELKO FIELD OFFICE - ELKO 21 FIRE COMPLEX  
BURNED AREA EMERGENCY REHABILITATION PLAN AND ACCOMPLISHMENT REPORT**

**PART F - SPECIFICATIONS**

<b>SPECIFICATION TITLE:</b>	<b>NATIONAL REGISTER ELIGIBILITY OF SITES EXPOSED BY FIRE IN WOODCUTTING AREAS</b>	<b>AGENCY:</b>	<b>BLM Elko F.O.</b>
<b>PART E LINE ITEM:</b>	<b>C-2a Historic Structure Damage Assessment (BLM 98-148 III. K)</b>	<b>FISCAL YEAR(S) (list each year):</b>	<b>2001 - 2003</b>

**I. WORK TO BE DONE**

<p><b>Number and Describe Each Task:</b></p> <p><b>A. General Description:</b> The fires have removed the vegetative cover in several forested areas where the BLM now intends to send concentrated numbers of people to perform woodcutting. These areas have a high potential for containing significant cultural resources. Removal of vegetation exposes sites to illegal artifact collection. In areas where the BLM intends to send woodcutters, past experience dictates that these sites will be illegally collected by the woodcutters, thereby adversely effecting National Register eligible sites.</p> <p>These areas have not been previously inventoried for cultural resources. Therefore, it is necessary to inventory the woodcutting areas to determine the number and type of sites present so that measures can be taken to protect important cultural resources.</p> <p><b>B. Location (Suitable) Sites:</b> As designated by the Elko Field Office - approximate acres</p> <p><b>C. Design/Construction Specifications:</b></p> <ol style="list-style-type: none"> <li>1. Archival research of field office records</li> <li>2. Conduct field inventory and inventory report in accordance with standard Nevada Class III standards as outlined in the BLM Nevada State Office Cultural Resource Inventory General Guidelines 4th Edition and the Elko Field Office Cultural Resource Stipulations.</li> <li>3. Implement procedures to monitor and protect sites.</li> </ol> <p><b>D. Purpose of Treatment Specifications:</b> Identification, evaluation and protection of irreplaceable cultural, natural and climatic information before it is destroyed by looters, public use or erosion.</p>
